**BSF HOLDS MEDICAL CONFERENCE**

The Border Security Force has the distinction of conducting Annual Medical Conference every year at different Composite Hospital spread over at length and breadth of the country. The Annual Conference for the year 2019 was conducted at Ftr HQ BSF Tripura and Composite Hospital BSF Agartala on 06 and 07 Aug 2019.

The conference was inaugurated by Dr. H L Raskaran, IG/Dir (Medical), BSF, New Delhi who was the chief guest of the function. The conference was attended by senior administrative officers and medical officers from Army, Assam Rifles, CRPF and civil medical setup.

. While welcoming the guests and officers from medical fraternity, Sh Ashok Kumar Yadav, Offg IG, FTR HQ BSF Tripura highlighted the achievements of Composite Hospital especially the good work done by the medical officers in providing better medi-care to the border population and prevention of Plasmodium Falsiparum (PF) malaria amongst BSF troops deployed on border.

Dr. H L Raskaran, IG/Dir (Medical), BSF, New Delhi during his inaugural speech congratulated the Composite hospital BSF Agartala for extending help to the border inhabitants by arranging medical camps from time to time and also highlighted the topics to be discussed during the conference. The IG/Director (Medical) further congratulated the team of Composite Hospital Agartala led by Dr. Jayant Kumar, DIG (Med) MS for organizing the mega CME for enlightenment of the medical fraternity.

During the scientific session of the conference and seminar, lectures on various types of diseases and their remedial measures were delivered by various doctors from different organizations including Civil Hospital and ILS Agartala. Extensive discussion on reasons of sudden spurt in Malaria PF cases among troops deployed on the border and preventive measures to find out ways to curb the menace was also held at length.
